

Comment from one parent at Warwick Academy, Bermuda to Mr David Horan, Secondary Principal after one parents seminar – 15 January 2016.

Hi David,

I have attended every parent session he (*Lance King*) has delivered in his last eight visits - mostly for reboots. The concepts he discusses (particularly 'failing well' and the emphasis on effort and attitude and independence) are brilliant and ideas to live by; it should be compulsory for every parent, every year.

Perhaps compulsory for every new student's family, and then maybe incentives for the rest...or perhaps tie it in with Parent Teacher nights....?

Cheers,

.....

Hi Mr. Horan, I just saw this article today and wanted to give you some feedback:

I still remember this guy and what he taught me!

I use what he taught that one time every single day.

I follow all of WA's announcements and got excited all over again when I saw this article. Very happy to see WA has continued to use Lance.
